MEMORANDUM FOR: AD/NE

THROUGH : DD/I

For a high-level meeting which the Director attended on 14 May, I gave him a package containing ten copies of SNIE 58-4-62. I had been informed that this Estimate had been printed and distributed. I was also confident in my own mind that none of the principals would have the papers with them. The following gentlemen received and retained copies of the paper at the meeting: The President, General Taylor, Messrs. Rusk, McNamara, McG. Bundy, and Forrestal.

The DCI is prepared, in the future, to have such papers handcarried with a personal note from him to ensure their prompt delivery, especially at a time when the subject is being handled in a series of frequent high-level meetings.
